

# NCAPP AP Summer Institutes June-August 2022

The College Board North Carolina AP Partnership (NCAPP) is pleased to provide scholarship opportunities for designated North Carolina school personnel to attend an Advanced Placement Summer Institute (APSI) in North Carolina. Scholarships are available to each of the 115 districts in North Carolina. Scholarships cover the cost of registration and lab fees. Workshops are planned for in person unless otherwise noted.

If you were notified by your district that you were awarded a North Carolina AP Partnership scholarship to attend an AP Summer Institute, your next step is to select an APSI location, date, and subject you wish to attend from this brochure. Your district should have provided you with a scholarship award notification letter as confirmation of your scholarship award. A copy of the award letter may be required by the AP Institute at the time of registration to receive a scholarship registration code or scholarship registration instructions.

Once you have made your APSI choice, register with your selected AP Institute. Seats at AP Summer Institutes fill up quickly and having a scholarship does not guarantee you a seat at any AP Summer Institute. You should go to the selected APSI's and register with them. Websites can be found in this brochure and on [AP Central](#). Please contact the AP Institute Director if you need assistance with your registration or have questions regarding APSI course offerings. **You must register at your APSI by Friday, April 29, 2022.** If you fail to register with the institute by the deadline date, your scholarship will be forfeited.

After registering for your APSI, notify your district APSI contact with your course information (AP Institute location, AP subject, and workshop date). Your district is required to provide your APSI information (your name, contact information, AP Summer Institute location, AP subject and workshop date) to the North Carolina Partnership office. This information is required to arrange payment of your APSI tuition. Your tuition fee will be paid by the North Carolina AP Partnership directly to the AP Institute at the conclusion of the workshop.

## Is Your School Interested in AP Capstone?

### Join us for an AP Seminar or AP Research Virtual AP Summer Institute

June 13, 2022—June 17, 2022

Teachers of AP Capstone™ courses—AP Seminar and AP Research—are required to take part in professional development the summer before their first year teaching either course.

The week-long workshops train teachers on delivering interdisciplinary instruction, supporting student research and facilitating project-based assessments. This is a private virtual workshop for NC teachers only. You do not have to be a current AP Capstone teacher to attend.

**Register here:** <https://cvent.me/zkgk32>

## Attention CTE Teachers: You Can Teach AP Too!

July 11, 2022—July 15, 2022

Teachers who are interested in teaching Advanced Placement courses included in NC CTE pathways may attend a virtual AP Summer Institute provided by the College Board. These include:

- AP Computer Science A
- AP Macroeconomics/ Microeconomics Combined
- AP Computer Science Principles

**Register here:** <https://cvent.me/17xE1>
