# COUNSELOR CONNECTION

## **Counselor Resources**

The College Board recognizes and appreciates the work that school counselors complete on a daily basis. We know your time is limited and is best spent with your students – not searching for the information you need. We are thrilled to be able to provide a one-stop page, filled with easy to use, timely resources to help counselors carry out the hard work being performed throughout the school year. Hopefully the wide range of resources available on this site will not only make counselor’s jobs more manageable or useful, but will also enhance their professional work to help students make the most of the opportunities they have earned through their hard work.

## **2016-2017 Counselor Webinar Series**

With the help of expert educational professionals, we are hosting a series of webinars that provide counselors with timely and pertinent information on how to support students’ college readiness and future aspirations. This series also is a prime source to get updates and information on the SAT Suite of Assessments and the Official SAT Practice. This site will continue to be updated.
